"Pumpkin" was purchased locally in the fall of 2024 in poor shape. She has been seen by the vet in April of 2025 where she had Coggins pulled (negative), as well as recommended vaccines, wolf teeth pulled, floated, and is on a deworming regiment. She leads, loads, and ties. She has had ground work done and her feet maintained well. She was sold to us grade as a paso cross. She has been exposed to farm life and children, but we do not recommend her for young children or inexperienced handlers. Pumpkin was vetted to be 3 or 4 years old.

We bought this stallion strictly for breeding, and his entire 2025 foal crop is here for sale. We saddled him about 5 times but not consecutive days and was never able to get him started riding due to no fault of his own. He is here because we've decided to get out of breeding. This horse can really get down and move around. Don't miss out on this opportunity to own a great-bred stallion, top and bottom. 100% sound in every way.

Grade, quarterhorse gelding, head horse/ranch horse. I have owned this horse for 5 years, and he has been used in all aspects of ranch work, has been hauled extensively as a head horse, and has spent the last 2 years in the feed-lot riding pens. He knows the barrel pattern, and my 12-year-old daughter has won on him. Parade broke. Best suited for a 4 or higher header.

This grade colt is out of CP Enter Sannman and my wife's riding mare. His mother has a very laid back and gentle disposition. This is the largest colt out of this year's crop and is quickly outgrowing his mother. He is an eye catcher with 4 white socks and a strip in his face. This guy would make a heck of a roping horse or laid back riding gelding.

Don't look past this well-bred filly. She is out of our best-dispositioned mare and shows to have the same disposition. The filly is out of a maiden mare and when she was one month old, her mother tore her udder and this filly was then raised on only half of her mother's milk. Take this filly home and grow her, and you won't be disappointed.

"Joe" has been with us for the last 3 years and has spent most of that time trail riding and working as a head horse. He spent his earlier years working the Dodge City Feed Yards in Kansas. He has been ridden all over the Midwest and overnights excellently. Overall, an extremely easy horse to be around and enjoy. He is easy to catch, doesn't care about dogs running around his feet, and has never been spooky. He is up to date on dental and farrier work.

"Fancy" is a registered 13.1 hand, paint mare. Born in 2019 making her the perfect mature age. Don't let her small size fool you; she's got a big heart full of try with a gentle soul. Fancy's been used for all types of ranch work: checking pairs, tagging calves, pushing cows, heeling down cows and yearlings, roping and tying down calves to doctor, or carry two calves at a time in the saddle to new pasture. She loves going places and has a good ground covering walk for such short legs. I let my 13-year-old daughter ride her at the Clinton Arkansas Chuckwagon Races this year, and absolutely nothing bothered her. She rides well in a group or by herself without any fuss.

He will cross everything put in front of him and is sure-footed. He has been on numerous organized trail rides, camping overnight, and to multiple rodeos. He does not get excited by a big crowd or lots of other horses. He trailers well, stands at the picket line, is comfortable in a stall, and carries saddle bags. We have owned Boots since he was a yearling. We started him ourselves, and he has been very naturally athletic from the beginning. He has a naturally large stop and is quick on his feet. So far, we have used him for trail riding, ranching, and heeling activities. He is extremely consistent and well-mannered. He has been hauled a lot of miles this year to multiple rodeos and seems to thrive in any sort of high pressure situation. He is good with dogs running around his feet and is up to date with dental and farrier work.
