"Juicy fruit" is as loving and good minded as a horse can possibly be. She passes her kind nature and laid back mentality to her babies. She had a nice buckskin baby last year by "Wimpynneedsacotail" and "Woody be Tuff" the year before. We left her open to set her up for an earlier foal. She settles easily with frozen, shipped cooled or live cover. She is a great mother and an easy keeper. She is broke to ride and was leased to a guided trail ride outfit during one of her pregnancies for us. Shes ready to breed to the stallion of your choice. She is very broke, rides great but my dad was hoping she would do long trail rides, however she has heaves.

"Tubs" is packed with black-type pedigree with the athletic ability to back it up. His sire Auspicious Cat is an NCHA earner of \$331,124 and has produced earnings of 1.5 million. "Tubs" is naturally loaded with cow and has a huge stop. Best part about him is that even though he is cutting bred, he is heavy boned and wears a number one shoe. He is made to last. "Tubs" will excel and make an outstanding heal, breakaway, or calf horse. He has lots of feel in the bridle and fun to sort cattle on. He has been used to check and doctor cattle as well. This is a nice, young gelding that's bred right and ready to upgrade anyone's program no matter what occupation you give him.

She has been started on the flag this spring and shows real potential. With her trainable attitude, responsiveness, and athleticism, she's an excellent prospect who should excel in cow work or performance classes. Up to date on all care including teeth. She handles stall and pasture life well and is suited for a confident amateur or professional ready to campaign a talented, young filly.
